BIG TOP CIRCUS™

Select-A-Symbol Series™

Featuring Connect-A-Pay™

Up To 99 Winning Combinations Per Spin

Nickel and Quarter Denominations

45 Coins Per Game

1 to 5 Coins Per Symbol

50,000 Top Award

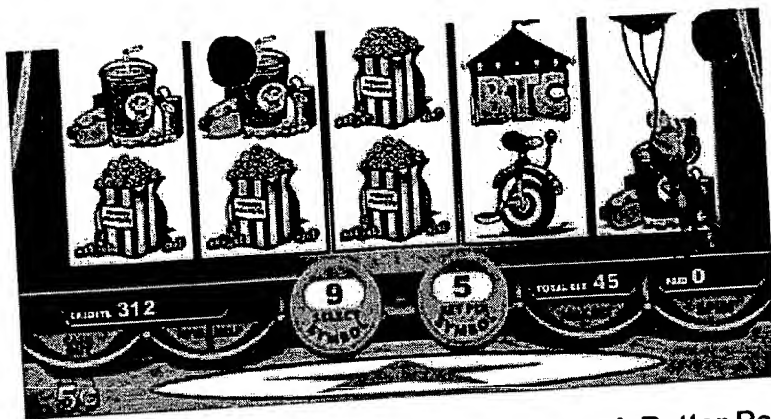

Big Top Circus™ is the first in the Select-A-Symbol™ Series, developed with High Five Games and features the latest patent-pending technology Connect-A-Pay™. With up to 99 possible winning combinations per spin, Connect-A-Pay™ allows players to wager on the game's symbols instead of traditional lines. The player can select from one to nine symbols and bet from one to five coins on each of the symbols. The more symbols bet, the more possible payout combinations per spin available. Each individual symbol on the reel can belong to more than one winning pay set, with the potential of hitting the top award of 50,000 twice in one spin. Generally, traditional video reel games require three or more symbols to line up for a payout -- not the case with Big Top Circus™. Some symbols pay on only two matches. The 45-coin game features all of the requisite circus characters including the strongman, elephants, lions and a host of other circus icons.

The ringmaster of this three-ring funfest is Max the Monkey who acts as the game's mascot and cheerleader. The highly animated Max plays an integral role in the game's bonus events, adjusting symbols on the screen to optimize pays, being shot out of a cannon for a soft landing on piles of bananas and cash, and playing the high wire daredevil in the trapeze bonus round.

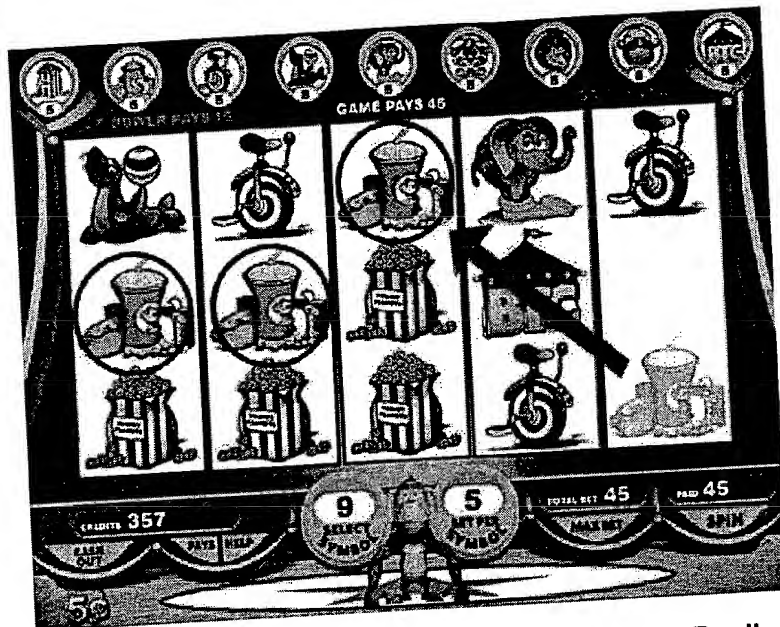

THREE BONUS EVENTS:

Balloon Bonus — The first bonus event occurs on the main screen. The event is triggered when the balloon symbol appears on the third reel, piquing the interest of Max the Monkey. Eyeing the balloons, Max grabs the bunch and takes a helium-filled ride across the reels, moving one of the symbols to make or enhance a payout. If Max can't find a better payout, the player is paid a bonus amount for the balloon symbol.

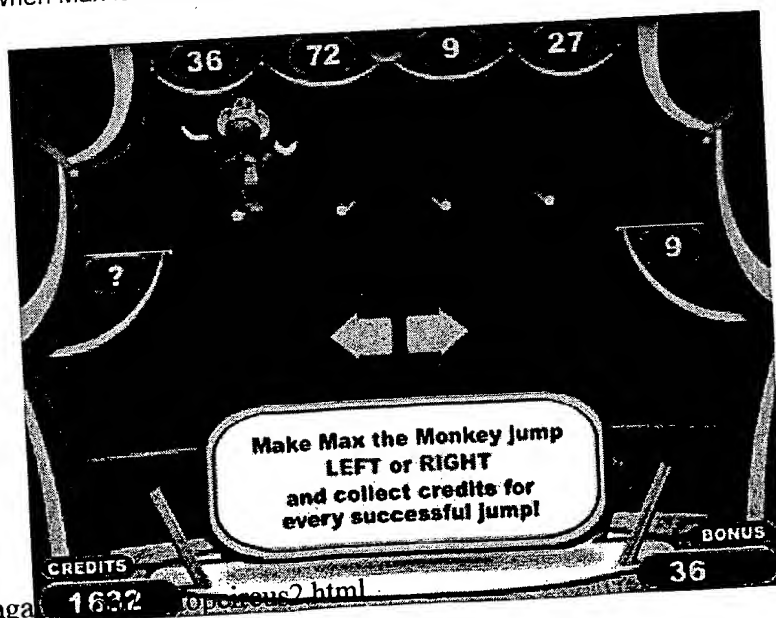

Before Balloon Bonus - "Max Looking For A Better Pay"

After Balloon Bonus - "Max Makes A Better Pay"

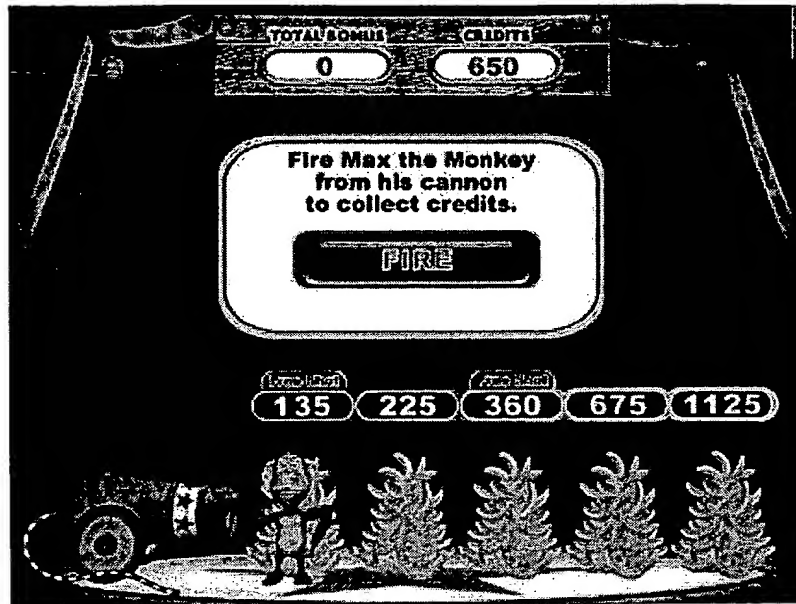

The Balloon Bonus pays 1X total bet for no better pay or up to 10,000X the symbol bet for any new Connect-A-Pay™ created by Max moving a symbol.

Trapeze Bonus — Three Big Top Tickets anywhere on the reels will start the Trapeze bonus. The player moves Max the Monkey across the trapeze to collect from 2X to 70X total bet. Game ends when Max falls into the safety net.

"Max As A High Wire Daredevil"

Cannon Bonus — Two cannons anywhere on the reels triggers the Cannon Bonus. Max the Monkey moves across the screen and climbs into the cannon then prompts the player to fire when ready. Max is propelled across the screen and lands in a pile of bonus credit bananas. Player collects from 3X to 25X total bet depending on which pile Max lands. Players randomly receive up to two additional free shots.
